1-16,15-61

JEFFERSON CITY, Sept. 13 .- The correspondent of the St. Louis Democrat furnished the following intelligence:

A messenger from Col. Mulligan, at Lexington, reports Gen. Prices' advance guard reached Warrensburg on Tuesday and Claib Jackson made a speech.

Price claims to have sixteen thousand men, and his main body is approaching Lexington. This messenger brings an official account, by the rebels, of a skirmish between the reb els and Gen Lanes' forces, dated Ft. Blidsoe, near Ft. Scott, September 4th, the substance of which is as follows:

He says immediately after leaving Springfield he dispatched Gen. Rains to clear the counties bordering on Kansas of the marauding bands which had been devastating that section of the country. That he himself advanced to rains assistance and their combined force encountered at Big Dry Wood Creek the forces under Lane, Monigomery and Jennison, and after a brisk skirmish of an hour and a quarter the Federal troops retreated and were pursued by his forces about three miles. He states his loss at three killed and twenty-seven wounded, and says they

burried three of Lanes men. He aoncludes by saying the enemy have continued to retreat Northward from Fort Scott, which post they have abandoned; and

This relieves me of the necessity of pursuing them into Kansas, the soil of which I am unwilling to invade, unless her citizens shall Mule and Horse Contract to be Invesprovoke me to do so by committing renewed outrages on the people of this State.
